

## The Enterprise Difference.

### Award Winning Customer Service

Exceeding our customers' expectations is the driving force behind our business and it's a commitment that's well recognized. Enterprise led the car rental industry in an annual North American airport car rental survey, which includes both leisure and business travelers, for seven years in a row. When you choose Enterprise Rideshare, you'll experience the same Enterprise Rent-A-Car Customer Service that has made us a national leader.

### New, Lower Mileage Vehicles

Enjoy a variety of newer, lower mileage vehicles to fit the needs of your vanpool. We refresh our vehicles more often than any other vanpool provider.

### Choose Your Ride

Whether you have five people, or 15, Enterprise Rideshare allows you to choose the vehicle that best fits your vanpool needs from Minivans, to Crossover SUV's, to Luxury Seat Large Vans. Additional options include satellite radio, WiFi, HD Traffic, HD Radio, GPS, and plug-ins for electronic devices.

### Industry Leading Local Support Network

Our Rideshare Division is supported by the extensive Enterprise Rent-A-Car neighborhood network of more than 5,500 rental offices located within 15 miles of 90 percent of the U.S. population.

### Discounts

With the largest fleet in North America and a wide variety of cars, vans, and trucks, Enterprise has you covered for all your travel and transportation needs.

- Save 5%\* with Enterprise Rent-A-Car for out of town trips or a weekend upgrade\*
- Save 10%\* with Enterprise Truck Rental for your household moving needs\*
